SOLICITATION/AWARD

A.0 Introduction

Hanford Mission Integration Solutions, LLC. (hereby HMIS, “Contractor” or “Buyer”) acting under its contract with the U.S. Department of Energy – Richland Operations Office (DOE-RL) located in Richland, WA, requests Offeror to submit a proposal for a Labor Hour type of subcontract to provide Industrial Control Systems Engineering Task-Based Support.

A.1 Buyer Not Obligated- Irregularities and Notifications

Buyer is not obligated to pay any costs incurred in the preparation and submission of Offeror’s proposal, nor required to enter into a subcontract or any other arrangement with Offeror.

A.2 Solicitation Amendments

The Contract Specialist may issue one or more amendments to the solicitation to make changes or to resolve any problems regarding the solicitation. The Contract Specialist will issue the amendment in time for prospective Offerors to incorporate any changes into their proposals. If this solicitation is amended, then all terms and conditions that are not amended will remain unchanged. **FAILURE TO ACKNOWLEDGE THE RECEIPT OF THE AMENDMENT AT THE DESIGNATED LOCATION BY THE SPECIFIED DATE AND TIME MAY RESULT IN REJECTION OF THE OFFER.**

A.3 Proposal Submittal

The proposal is due by 5/25/2022 2:00 PM.

The proposal shall be submitted via e-mail provided that it includes appropriate signatures where required.

NOTE: *Communications with any HMIS personnel except the above named Contract Specialist concerning any aspect of this Solicitation may be grounds for disqualifying an Offeror from being considered for award.*

A.4 Late Proposals

A proposal is considered late if it is received after the exact time and date specified for receipt and will not be considered unless:

- a. It was sent by telephone or fax, if authorized by the Contract Specialist, and it is determined that the late receipt was due solely to mishandling upon receipt; or
- b. It is the only proposal received.

A.5 Proposal Changes

Any modification of a proposal, including the Contract Specialist’s request for “Best and Final Offer,” is subject to the same conditions as in the “Late Proposals” section above.

A.6 Withdrawal

Offeror may withdraw its proposal by written or electronic notice received at any time prior to award.

A.7 North American Industry Classification System (NAICS) Code and Size Standard

The Contract Specialist has determined that North American Industry Classification System (“NAICS”) Code 541330 applies to this acquisition. Therefore, the size standard for determining whether an Offeror is a small business in regard to this acquisition is 16.5 million.

If this solicitation is designated as a small business set-aside, by submitting a proposal or an offer to this solicitation, the Offeror certifies that they are a small business qualifying for the NAICS code and meeting the size standard noted above.

By submitting a proposal for this solicitation, Offeror agrees to indemnify, defend, and hold harmless Buyer for any and all liability, loss, damages, penalties, claims, costs, and expenses, including attorney fees and costs of legal action, litigation, or settlement, arising from or relating to Offeror’s misrepresentation of its business size or status, regardless of whether Offeror’s misrepresentation was willful, intentional, or knowing.

A.8 Questions/Comments Regarding the Solicitation

The Offeror must submit any comments or questions regarding the solicitation to the Contract Specialist no later than 5/18/2022 2:00 PM. The Contract Specialist will answer all questions in writing for the benefit of all prospective Offerors.

B.0 Basis for Award

HMIS may award one or more subcontracts as a result of this solicitation. Award will be made to the Offeror who is considered the Lowest Price Technically Accepted. This solicitation provides the basis for HMIS evaluation. Offerors are also advised that HMIS reserves the right to award a subcontract based upon initial offers and without further discussions with Offerors. Offeror should provide their best price and technical offers initially.

B.1 Basis of Award- Lowest Price Technically Acceptable

Award may be made to the Offeror submitting the lowest evaluated price that is technically acceptable among offers that meet all requirements of the solicitation. Proposals will be screened using pass/fail evaluation factors based on the qualification demonstrated within the offer.

C.0 Proposal Instructions

Follow the described proposal instructions.

C.1 Proposal Preparation

Prepare the proposal simply and economically and provide a straightforward and concise presentation of the information requested in the Request for Proposal. Emphasize completeness and clarity. Do not submit elaborate brochures or other presentations that are neither required nor desired by the HMIS.

If the Offeror submits any data which it considers proprietary data as part of its proposal, the document transmitting the data or which contains the data, shall be boldly marked indicating that the data included is considered proprietary.

C.2 Proposal Content

Proposals shall include the following elements and be organized in the manner listed below. Each volume of the proposal should be separate and complete. Omit all cost or pricing details from the technical proposal.

C.2.1 Volume I Technical Proposal Requirements

HMIS will evaluate Offeror's technical capabilities/qualifications, as well as its pricing for the requirements as specified in the Statement of Work. Offeror's proposal must address the following:

- An acknowledgement that the Statement of Work is fully understood, and that the Offeror has resources qualified to perform the work.
- Resumes of proposed Key Personnel.
- Work Plan and Schedule for the Project.
- If applicable, describe project organization structure that identifies relationships between the Prime Offeror, teaming partners, lower-tier subcontractors and proposed Key Personnel.
- If applicable, identify all parent, affiliate, and subsidiary companies' organizations, or divisions that will participate in work under the Subcontract under Offeror's proposal, if applicable; Offeror's relationship with each; and the particular role, work, or support Offeror proposes each will provide.
- Statement of compliance with subcontract insurance requirements as specified in the On-Site Work Provisions, including confirmation that all required insurance certificates will be provided prior to any on-site work.
- Quality Assurance Plan.
- Small Business Subcontracting Plan, if applicable.

C.2.2 Volume II Required Price Support Information

The Offeror is required to submit information sufficient to determine that the prices or costs being charged are fair and reasonable. Such information may include pricing, sales, or cost information that is pertinent to establishing the pricing or costs being charged.

The Offeror grants the Buyer or its authorized representative(s) the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify the reasonableness of the price. For items priced using catalog or market prices, or law and regulation, access does not extend to cost or profit information or other data relevant solely to the Offeror's determination of the prices to be offered in the catalog or marketplace.

Any Subcontract that results from this Solicitation will be determined by the price the Offeror pays for material (without profit applied) plus fully burdened hourly labor rates, multiplied times the number of hours worked. Upon mutual agreement, this schedule of costs and rates will be the basis for pricing on any resulting Subcontract.

C.2.3 Volume III Pricing Backup

Upon Buyer's determination of a successful Offeror, Buyer will request audited company financial reports for the previous three (3) year period, including balance sheets and income statements. The successful Offeror shall provide such information within 48 hours of the request.

In the event audited company financial reports are not consistent with the Offeror's customary accounting practice and in the absence of certified statements, the Buyer may request the following, listed in order of preference:

1. Parent guarantee;
2. Bond;
3. Irrevocable letter of credit;

4. Submission of uncertified financial statements, which shall be certified as being accurate and complete by an agent of Offeror's company, which may be subject to HMIS verification with the Internal Revenue Service (IRS).

If the selected successful Offeror is unable to provide the information required within the time frame identified or if the Buyer is unable to determine the successful Offeror as financially responsible for award of the Subcontract, Buyer, in its sole determination, may select another successful Offeror for the award.

C.3 Requirements for Supporting Price Information or Certified Cost or Pricing Data

The Offeror is required to submit certified cost or pricing data in support of the proposal, unless exempted by the Buyer under FAR 15.403-1.

In lieu of submitting certified cost or pricing data, Offerors may submit a written request for exception by submitting the information described in the following paragraphs. The Buyer may require additional supporting information, to the extent necessary, to determine whether an exception should be granted, and whether the price is fair and reasonable.

1. For items where pricing is controlled, by law or regulation, by periodic rulings, reviews, or similar actions of a governmental body; identify and submit the controlling document establishing the price offered.
2. For a commercial item exception*, the Offeror shall submit, at minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price of this acquisition. Such information may include:
 - a. For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.
 - b. For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.
 - c. For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.
3. Additional supporting information, to the extent necessary to determine whether the price is fair and reasonable.

Requirements for certified cost or pricing data.

4. If the Offeror is not granted an exception from the requirement to submit cost or pricing data, the following applies:
 - a. The Offeror shall prepare and submit cost or pricing data and supporting attachments in accordance with Table 15-2 of FAR 15.408.
 - b. As soon as practicable after agreement on price but before Subcontract award (except for unpriced actions such as letter Subcontracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.
5. Subcontract requirements for certified cost or pricing data. If the Offeror intends to issue a subcontract in performance of this requirement and it is expected to exceed the threshold for the submission of cost or pricing data at FAR 15.403-4, the subcontractor is subject to the above requirements.

The Offeror grants the Buyer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Offeror's determination of the prices to be offered in the catalog or marketplace.

**See [FAR 2.101](#) for definition of "commercial."

C.4 Evaluation of Options

Except when it is determined not to be in HMIS' best interest, HMIS evaluates offers for award purposes by adding the total price for all options to the total price for the basic requirements. Evaluation of options will not obligate HMIS to exercise the option(s).

HMIS analyzes bids to determine whether prices are unbalanced and may reject a proposal offer as nonresponsive if it determines that the proposal is materially unbalanced. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more, line items is significantly over or understated as indicated by the application of cost or price analysis techniques.

C.5 Representations and Certifications

HMIS relies upon Offeror's current representations and certifications within a Federal web-based system, the System for Award Management (SAM), that centralizes and standardizes the collection, storage and viewing of many of the representations and certifications required by the Federal Acquisition Regulations.

By submitting a proposal to HMIS in response to this solicitation, the Offeror is certifying that:

1. The representation and certification information in SAM is accurate and complete as of the date of the offer.
2. All statements and explanatory documentation submitted are current and accurate.
3. Offeror complies with all requirements of State of Washington statutes, ordinances, rules and regulations, codes, and orders related to equal employment opportunity and operation of non-segregated facilities.
4. All Offeror employees who may work on HMIS premises or on the Hanford Site are not under the influence of controlled substances, drugs, or alcohol. Offeror agrees to the testing of assigned employees under HMIS program for controlled substances.
5. Offeror's information in the Buyer registration system is current, accurate and complete and is no greater than 12 months old.
6. Offeror will update its information in SAM on at least an annual basis.

C.6 Small Business Subcontracting Plan

Offeror must include a Small Business Subcontracting Plan with its proposal if the proposed amount is more than \$700,000 (\$1,500,000 for construction) and Offeror does not qualify as a small business per the size standard applicable to this procurement. The Plan must conform to and comply with all requirements specified in Federal Acquisition Regulation (FAR) Clause 52.219-9, "Small Business Subcontracting Plan" (Jan 2017), containing all information specified and conforming to the format described therein.

C.7 Additional Information

In order for HMIS to adequately evaluate the proposal, some additional information is required. Please complete and return all forms and documents listed in Exhibits of this solicitation.

C.8 Acceptance of Terms and Conditions and Technical Requirements

The subcontract resulting from this Solicitation will be substantially the same as the draft Subcontract that is contained in this Solicitation. Offeror must describe any exceptions (on the Agreement Exceptions form of this Solicitation) to the terms and conditions and technical requirements. HMIS considers compliance with the terms and conditions and technical requirements of the Subcontract to be essential. In case of doubt, Offeror should request clarification from the Contract Specialist. If any exceptions are taken to the terms and conditions and/or technical requirements of the Solicitation, the pricing shall be based on the requirements of the Solicitation and the exception(s) priced as alternates. If the proposal is based only on the proposed exceptions, HMIS may determine the proposal to be non-responsive.

Unless otherwise noted in the proposal, Offeror's submission of a proposal signifies unqualified acceptance of all of the terms and conditions and technical requirements of the Subcontract that are contained in or referenced in this Solicitation.

C.9 Proposal Validity Period

Offeror's proposal shall remain firm for 60 days after the proposal due date.

D.0 Notices

In order for HMIS to adequately evaluate the proposal, some additional information is required. Please complete and return all forms and documents listed in Notices of this solicitation.

D.1 Financial Capability Determination Information

HMIS reserves the right, prior to award, to require Offeror to submit information which HMIS will use to make a determination whether Offeror has the financial capability to perform the contemplated subcontract. Such information may include, but not be limited to: annual reports; lines of credit with financial institutions and suppliers; and any other information that may be required to make the appropriate determination.

D.2 Drawings and/or Specifications

The drawing(s) and or specification(s) accompanying this Request for Proposal shall be returned to the issuing office when the recipient is non-responsive, or within 30 days of the receipt of notice of award to another Subcontractor.

D.3 Foreign Nationals

If the Offeror intends to propose any foreign national (non-US citizen) personnel, that information must be a part of the Offeror's proposal. They will be processed in accordance with HMIS Unclassified Visits and Assignments by Foreign Nationals procedures prior to commencement of the work. This process could add lead-time from a few days up to several weeks depending on the country of origin, Hanford facilities they will access, and the subject matter involved.

D.5 Proprietary Data Submittals

If Offeror submits any data which is considered to be “Proprietary Data,” the document transmitting the data, or which contains the data, shall be boldly marked indicating that the data is considered proprietary.

Offerors who include in their proposals any data that they do not want disclosed to the public for any purpose or used by Buyer or the Government except for evaluation purposes shall mark the title page of their proposal with the following legends: USE AND DISCLOSURE OF DATA: “This proposal includes data that shall not be disclosed outside Buyer or the Government and shall not be duplicated, used, or disclosed – in whole or in part – for any purpose other than to evaluate this proposal. If, however, a Subcontract is awarded to this Offeror as a result of – or in connection with – the submission of this data, Buyer and the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting Subcontract. This restriction does not limit Buyer’s or the Government’s right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets” **and** “Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.”

Hanford Mission Integration Solutions, LLC (HMIS or Buyer), however, reserves the right to disqualify offers which deviate from the Solicitation. If the Offeror has no exceptions or assumptions, please write “None” below.

Exhibit 008 – Organizational Conflict of Interest Disclosure Statement

It is Hanford Mission Integration Solutions, LLC (HMIS or Buyer) policy to avoid situations, which place an Offeror in a position wherein it may not be able to compete on an equal basis for Buyer's-controlled work with other qualified Offerors. This representation, and the information disclosed thereby, will serve to advise Buyer whether or not an Offeror's judgment may be biased because of any past, present, or currently planned interest, financial or otherwise, the Offeror may have or appear to have which relates to the work to be performed under a subcontract which may result from this solicitation, thus providing the Offeror an unfair competitive advantage over others. The term "Offeror" herein means the proposing entity or any of its affiliates or proposed consultants or Subcontractors of any tier. Therefore:

Offeror shall provide Buyer a statement which describes in a concise manner, all relevant facts concerning any past, present, or currently planned interest (financial, contractual, organizational, or otherwise) relating to the work described in the statement of work of this solicitation. Offeror may also provide relevant facts that show how its organizational structure and/or management systems limit its knowledge of affiliates or other divisions or sections of the proposing entity and how that structure or system would avoid or mitigate an organizational conflict of interest.

Offeror shall assure that any consultants and/or Subcontractors identified in its proposal which will perform part or all of any resulting subcontract submit the same information as required above, either as part of the Offeror's proposal or directly to Buyer, prior to the time and date set forth for the receipt of proposals, including identification of the solicitation number and the (Offeror's) proposal to which it relates.

Offeror shall assure that each of its chief officers or directors, if any, who will be directly involved in the actual performance of the subcontract, submit such information.

Offeror shall promptly provide to Buyer information concerning any changes, including additions, in its relevant facts reported, that occur between the time of submission of its proposal and the award of a subcontract or the time the Offeror is notified that it is no longer being considered for an award.

Buyer will review the information submitted and may require additional relevant information or certifications from the Offeror. All such information, and any other relevant information known to Buyer, will be used to determine whether an award to the Offeror may create an organizational conflict of interest with respect to the Offeror's (1) bias caused by financial, contractual, organizational, or other interests which relate to the work to be performed under the subcontract, resulting in Offeror being unable to render impartial, technically sound, and objective assistance or advice, or (2) obtaining an unfair competitive advantage over other parties. If Buyer determines a conflict exists which would require some action to mitigate an actual or potential conflict of interest that would otherwise represent an unacceptable risk to Buyer, it may, at its sole discretion: (1) impose appropriate terms or conditions necessary to avoid or mitigate the conflict, (2) disqualify the offer, or (3) proceed with an award despite the conflict.

Offeror refusal to submit the representation and/or to provide the disclosure or any additional information requested by Buyer may result in disqualification of the Offeror for an award. Misrepresentation of material facts or other reported information may also result in disqualification. If any such misrepresentation is discovered following award, Buyer may terminate the contract for default or seek other remedies including actions pursuant to 18 U.S.C. 1001.

Depending on the nature of the subcontract activities, Offeror may, because of the existence of possible organizational conflicts of interest, propose to exclude specific kinds of work from the statement of work contained in the original solicitation, unless the solicitation specifically prohibits such exclusion. Any proposed exclusion may be considered by Buyer in the evaluation of proposals, but may ultimately determine the proposal to be unacceptable.

No work shall be performed, and Buyer will not authorize work to begin, until representations and disclosure information has been evaluated. Buyer may also, at its option, permit missing representations or disclosure information to be provided by an Offeror at any time during the pre-award process.

In lieu of or in addition to the above and/or when requested by Buyer, Offeror shall provide a certification similar to the following, altered only to reflect the relevant facts:

ORGANIZATIONAL CONFLICT OF INTEREST DISCLOSURE STATEMENT

I hereby certify that, to the best of my knowledge and belief, no facts exist relevant to any past, present, or currently planned interest or activity (financial, contractual, personal, organizational, or otherwise) that relate to the proposed work; and bear on whether I and the Offeror have a possible conflict of interest with respect to being able to render impartial, technically sound, and objective assistance or advice, or being given unfair competitive advantage.

Upon award of any Subcontractor award of \$30,000 or more, and annually thereafter, UDRI as the prime contractor must report the total compensation and names of the Subcontractor's top five most highly compensated executives if:

- (a) In the Subcontractor's preceding fiscal year, the Subcontractor received:
 - (i) 80% or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements, and other forms of Federal financial assistance; and
 - (ii) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements, and other forms of Federal financial assistance; and
- (b) The public does not have access to information about the compensation of the executives through period reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 USC 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.

If a Subcontractor in the previous tax year had gross income from all sources under \$300,000, the prime contractor does not need to report awards for that subcontractor.

This information will be reported through the Federal Funding Accountability and Transparency Act Subaward Reporting System. The public may view first-tier subcontract award data at <http://usaspending.gov>.

Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):

- (1) Salary and bonus.
- (2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 718, Compensation-Stock Compensation.

The following exceptions/changes to the General Provisions or Special Provisions are agreed to and incorporated into the Subcontract: TBD.

K.2 Lowest Price Warranty

Subcontractor warrants that the prices set forth in this Subcontract do not exceed those charged by Subcontractor to any other customers purchasing the same item in like or comparable quantities.

The Buyer or an authorized representative shall have the right to examine the records of the Subcontractor as necessary to assure that the prices charged under this Subcontract do not exceed those charged by the Subcontractor to any other customer purchasing the same item(s) in like or comparable quantities.

K.3 Facility Closure Notice – Holiday and Work Schedules

NOTICE: *Daily work schedules and facility operations are NOT consistent on the Hanford Site. Many organizations and facilities observe Friday closures.*

Accordingly, BEFORE scheduling deliveries or site work, the Subcontractor shall make specific schedule arrangements with the Contract Specialist, BTR, Facility Manager, Delivery Warehouse Manager, Building Manager, or other cognizant HMIS organization.

The Buyer will not be liable for the cost of any delays, demurrage, layovers, extra travel days, etc., which result from Subcontractor's failure to obtain a specific delivery or work schedule in advance.

K.4 Inspection of Services

Definitions. "Services," as used in this clause, includes services performed and when applicable, materials furnished or utilized in the performance of services.

1. Subcontractor may be required to provide and maintain an internal quality control/inspection system covering the services performed under this Subcontract that is acceptable to the Buyer. However, Buyer acceptance does not relieve the Subcontractor in any way for full performance responsibility.
2. Complete records of all inspections performed by Subcontractor on work related to the requirements of this Subcontract shall be maintained and made available to the Buyer during Subcontract performance, and for as long afterwards as is required by the DEAR clause 970.5204-9 (modified) of the General Provisions of this Subcontract.
3. The Buyer reserves the right to inspect and test all services called for by the Subcontract, to the extent practicable, at all times and places during the term of the Subcontract. This right shall extend to any of Subcontractor's sub-tier Subcontractors whose work applies directly to this Subcontract. Subcontractor shall make such provisions as necessary in its sub-tier subcontracts and contracts to ensure the preservation of this right. The Buyer shall perform inspections and tests in a manner that will not unduly delay the work.

4. If any of the services provided by Subcontractor do not conform to its requirements, the Buyer may require Subcontractor to perform the services again in conformity with Subcontract requirements at no additional fee if a fee is payable under other provisions of this Subcontract. When defects in services cannot be corrected by re-performance, the Buyer may: (1) require Subcontractor to take necessary action to ensure that future performance conforms to contractual requirements, and (2) reduce any fee payable under this Subcontract to reflect the reduced value of the services performed.
5. If Subcontractor again fails to promptly perform the services or to take necessary action to ensure that future performance is in conformity with contractual requirements, the Buyer may: (1) by Subcontract or otherwise, perform the services and reduce any fee payable by an amount that is equitable under the circumstances or (2) terminate this Subcontract for default in accordance with the clause entitled "Termination for Default" of the General Provisions of this Subcontract.
